Sanitary Sewer Infrastructure Improvements Scheduled for Wards Corner Neighborhood UPDATE

Dear Valued Customer,

The City of Norfolk Department of Utilities is pleased to provide you an update on a \$2 million improvement project in your neighborhood. The project area (shown on the map to the right) will receive new sanitary sewer pipes and resurfaced streets.

After finalizing an agreement with the City's contractor, Peters and White Construction, this project is now scheduled to begin in June of 2015 and finish in the spring of 2016.

The City and our contractor will do our best to minimize the unavoidable disruptions associated with the construction. If you have any questions regarding this project, please do not hesitate to contact the City's on-site construction inspector, Gary Kimber. He can be reached by cell phone at 646-1659 to respond quickly. You may also contact the project manager, Rick Dempsey, at 664-6719.

The Department of Utilities looks forward to completing this project which will enhance your sanitary sewer for years to come.

Sincerely,

Kristen M. Lentz, P.E.
Director of Utilities
